**Speech at the completion ceremony for
the Project for Construction of Rusumo
International Bridge and One Stop
Border Post Facilities: Construction of
Rusumo International Bridge and One
Stop Border Post (OSBP) facilities**

As for technical cooperation, it is critical to
provide support for human resource
development and appropriate policy
implementation.

Expected Impact of the Project The
Rusumo International Bridge and One Stop
Border Post Facilities are a very good
example of a project implemented using a
comprehensive approach.

ERIC

Cross-border infrastructure promotes
regional integration, which is necessary for
the continent to fully exploit its potential.
We are expecting to see immediate
impacts of the newly constructed Rusumo
Bridge and One Stop Border Post
facilities.
