### Video use in teacher education: An international survey of practices

We encourage researchers to use the data under fair use for research purposes.

### Benefits for Teachers using educational video to teach in a Classroom

Either way, you must remember that your audience will always react to content that makes them feel something. Five years later, hundreds of thousands of videos are uploaded to YouTube every day, at a rate of more than 20 hours of video per minute YouTube, 2009.

### Effectively Using Video in Teaching: Teaching Strategies: Teaching Resources: Center for Innovative Teaching and Learning: Indiana University Bloomington

Caution: Classrooms usually include more than one student.

### 10 Tips To Effectively Use Videos In eLearning (2018 Update)

But is it a good idea to do this, what benefits can you obtain here? In this article, we provide our own reflection on the process of introducing a new method of reflection into a learning environment. When students or teachers create their own video, editing is made easier by user-friendly and often free software packages.
