The Art of Physical Theatre and It's Beginnings

David made himself available to the students by working on MFA productions right by our sides. New choreography: snaking around the rest of the cast on pavements. However, from that moment forward, I have never created a design without using that process and I have found it to be an invaluable teaching exercise throughout my career.

The Art of Home Theater Projectors

Can you give examples of shows where projection was detrimental to the storytelling? They both have a great passion for opera and their work with the director Beaumont Glass was some of the best to be seen each year in Iowa City.
