The Typical Modern Mother: There Isn't One

She felt calmer and generally more relaxed. Physically To pick out clothes appropriate for work, still fitting and fashionable in her wardrobe. Tough economic times may have ushered in a new mindset, as women in the most difficult financial circumstances are among the most likely to say working full time is the ideal situation for them.

A Modern Dad's Dilemma: Mom the Breadwinner, Dad the...?

Dads are doing more housework and child care; moms more paid work outside the home. Or, to consider marital status again, the likelihood of being unmarried is much higher for less-educated mothers than for mothers with some college education.

Motherhood in Modern Society

The way mothers and fathers spend their time has changed dramatically in the past half century. American mothers attempt to solve this by changing jobs, becoming more efficient, or buying the right breast-pump. Another study she cites says the quality of care that a mother gives depends on her mid-pregnancy ratios of progesterone and estrogen.

The Modern

This prevents a serious social science experiment from ever being conducted.
