Shun hook — vocalise the stroke just as you would if the shun hook were not there, with the following exceptions: a Third place dots written inside the shun hook: fashion fission vision revision mission permission lesion In most cases the dot inside the hook is the vowel immediately before the Shun, but sometimes it is the vowel before that: remission television compare initiation b Third place dashes, diphones and diphthongs are written outside the shun hook when the hook is final because they need more room and inside when the hook is medial to avoid the sign being read as belonging to the next stroke. Should such a combination appear in a new word or name, it would be have to be written with stroke Ar after the S-CH, or stroke Ess plus Cher if the word began with a vowel. Intra always uses N + TR: intramural intravenous intramuscular Top of page 7.

Fountain Pen Suggestion For Pitman 2000 Shorthand?

A slight exaggeration of the size of the hook is unavoidable if the hook is to be seen at all, and giving the hook a very slight corner as it emerges from the stroke is helpful. There is always a vowel sound between initial Stee loop and the stroke. I bought this version as I thought it might have a cd with it or audio download.

Basics of Pitman Shorthand

WAEC Syllabus for Shorthand

May show signs of minor shelf wear and contain limited notes and highlighting. Unlike omitting vowels, position writing is not optional and you should practise inserting vowels until you know their placement perfectly, for two reasons: you need to know what and where they go in order to write the outline in the correct position, and when you do need to insert them, you have to do it very rapidly. The Speed Development Course cost varies according to the level you wish to achieve.

Basics of Pitman Shorthand

Try this Innovative exercises illustrate what you've learnt and how to use it. Black ink should produce much less variation in shade.
