### The History of Native American Religion

Most Pueblo ceremonial work is communal, both in participation and in perceived benefit, and is scheduled according to natural cycles. When Europeans first occupied the Americas, most did not even consider that the peoples they encountered had cultural and religious traditions that were different from their own; in fact, most believed indigenous communities had no culture or religion at all. In modern day Australia, the aboriginal people belong to the lowest possible economic class and experience the highest rates of illness and death of any other community.
