The Most Credible UFO Sightings and Encounters in Modern History, According to Research

Unfortunately for the Bolognese, their numerically superior forces were routed within just 2 hours of the battle — and the Modena soldiers supposedly chased them all the way to Bologna, while destroying many castles in their path. Special Issue Publication Each calendar year a single special issue will be published that focuses on a theme that is relevant, topical, and of interest to the readership of the journal.

Encounters in history (Book, 1977) [vivchar.tom.ru]

But the First Encounter on Cape Cod, Mass. Finally, close encounters of the third kind, instances where an animated pilot is seen, earn three points. No wreckage was ever found, Canada's reported.

Historical Encounters

A series of UFO studies commissioned by the U. It was dawn of December 8, 1620.

Sites of Encounter in the Medieval World

They intended to leave behind beads and other goods in exchange for what they had taken, and to send the elusive natives a signal that they wanted to trade with them, but by that time it was growing dark and the tide was going out.

10 Oddest Military Encounters Recorded In History

One point is awarded for picture evidence and an additional point for film of a moving UFO. Charles Halt, one of the observers, he had recovered statements from radar operators at the base recounting how they had observed a UFO moving too quickly for normal human flight.
