Kennedy's Brain by Henning Mankell

Louise flies off to Mozambique to follow the trail.

Kennedy's Brain by Henning Mankell

I was so excited to read this book after I heard about it on NPR. Clint Hill testimony, 2H141 We have matter blown to the right rear, that struck DPD Officer James Chaney.

vivchar.tom.ru: Kennedy's Brain: Iris Berben, Michael Nyqvist, Rolf Lassgard, Bjorn Floberg, Mata Gabin: Movies & TV

I know Mankell spent a lot of time in Mozambique and this is the second time he has taken me there in his novels. Her journey takes her to , to and to. I believe O'Connor said there was no brain in JFK's head when the body arrived at the Bethesda morgue.

Kennedy's Brain

Exercising the prerogative of old age, Leandros had become a toothless and often noticeably filthy guardian angel. Archaeologist Louise Cantor returns home to Sweden and makes a devastating discovery: her only child, twenty-eight-year-old Henrik, dead in his bed. Does that mean we should take the mass murder as real? The story is very tense and Louise is personally frantic in a search for Henrik's life.

The president's brain is missing and other mysteriously mislaid body parts

There really isn't a clear ending, which obviously is intentional.

The Mystery of JFK's Brain: How Did it Disappear?

. When Louise Cantor finds her twenty-eight year old son dead in his apartment, everything indicates it was a suicide.

The Head Wound: Kennedy's Head Exploded

The movie is supposedly set in Sweden, S. Henrik moved progressively toward compassion for others far away from his home in Sweden. There was a story here, albeit a strange one, an international, paranoid, murder mystery.
