Physiotherapy 2012, 98 2 :101—109. Levy attended medical school at Touro College of Osteopathic Medicine in New York City. Hanratty CE, McVeigh JG, Kerr DP, Basford JR, Finch MB, Pendleton A, et al.

Acupuncture treatment for musculoskeletal pain : a textbook for orthopaedics, anesthesia, and rehabilitation

His research interests include wearable devices that involve biosensors that, for a patient with a foot injury, for example, track changes in range of motion, gait speed, physical activity, and other measures of function. We found that distal acupuncture, using a method similar to that used for

myofascial pain injection, could relieve proximal muscular tightness and lead to an increase in cervical ROM.

Treatment of Acute Pain in the Orthopedic Patient
