Tanzania Overview

With an annual plan, overall strengths and weaknesses from the previous year are taken into consideration. Investing in both human development and physical capital is key to achieving these broad goals and improving the quality of life for all Tanzanians.

Niagara Economic Development 5 Year Strategy

Focus on what you could do to take it to the next level.

Regional Development Charges

An Integrated Development Plan is a super plan for an area that gives an overall framework for development.

Tanzania Overview

IFC is looking to forge partnerships with local banks aimed at supporting its initiatives in the financial sector with local currency financing, as well as developing products to support the microfinance, small-medium enterprises and housing sectors.

INTEGRATED DEVELOPMENT PLANNING FOR LOCAL GOVERNMENT

A large number of non-poor people living just above the poverty line are at risk of slipping below it. It aims to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in an area. It should take 6 to 9 months to develop an IDP.

NIMS Implementation and Training

This also led to the establishment of the Tanzania Mercantile Exchange. The new approach to local government has to be developmental and aims to overcome the poor planning of the past. It focuses on the types of problems faced by people in the area and the causes of these problems.

Planning Healthy, Complete Communities

What is included in an Annual Plan? Between 2016-2018, there has been a substantial increase in student retention with a 39% increase in student survival through primary schools and 4% increase in the number of students transitioning to lower secondary.
