**La morale de Descartes (Book, 1962) [vivchar.tom.ru]**

Nous devons douter de tout. Later, 1709—1751 argued in his book *Man a Machine* 1748 that Descartes had shown that all living beings—including human beings—were merely machines. Descartes, le 3e enfant de la famille est né le 31 mars 1596 chez ses grands-parents maternels pendant que son père était de service à Rennes.

## Philosophie morale cartésienne — Wikipédia

Thus the contrast is between a moribund tradition of professorial disputes over trivialities and a new philosophy inspired by original, scientific research.

## Morale & éthique : citations

New York and Paris: Brentano. He felt that if one could generalize man's correct method of knowing, then one would be able to know everything. We should suspend our judgment in all matters where the slightest doubt is possible, including all the truths of common sense, in order to find something that resists all doubts.

## Geneviève Rodis

Descartes argued that the nature of body was to be extended.

## Biographie de René Descartes

The establishment of a body of knowledge relevant to the practice of virtue supplies the basis for a new set of moral rules that replaces the provisional morality of the Discourse. Because the world is a plenum, and all motion circular, the universe will become divided into an infinity of

vortices of fluid matter, each with a sun or star at the center which will be the source of light, understood as centrifugal pressure in the vortex. Descartes renouvelle la thèse selon laquelle « nul ne fait le mal volontairement »: en effet, si cela peut être un bien pour la volonté d'aller à l'encontre de ce que lui présente l'entendement, cela ne l'est qu'en tant que la volonté considère que c'est un bien, par là, d'affirmer sa liberté lettre à Mesland du 2 mai 1644.

### **Descartes, the Humanists, and the Perfection of the Human Being**

While they begin by reading Seneca's *De Vita Beata*, they both agree that the work is not sufficiently systematic, and discussion turns to Descartes's own views. As such, the passions can be reliable guides to our survival and preservation under the right circumstances.
