The company built bunk housing and homes for the workers that it started selling to the public in 1965. When her daughter, Nancy, started school, the unequal treatment became too much to bear.

John F. Kennedy: 1961 : containing the public messages, speeches, and statements of the president, January 20 to December 31, 1961.

Many definitions exist for the term simulation, and the technique has been employed at several levels of sophistication. My friend, Russell Rommele, who worked in a nearby mill, was also an autodidact. And after Brown was won, Todd returned to teaching—this time at an integrated elementary school.

Oral History Interviews in UNLV Libraries Special Collections & Archives

State Department, National Foreign Policy Conference for Non- governmental Organizations, Washington, D. Similarly, we must consider how successful teachers will adapt their proven teaching practices to new sites of pedagogy. Thus, the workshop design had, as a major concern, participant learning! Since learning requires conditions which make behavioral development possible, the workshop design was developed in concert with a model of human behavior. Questioning, visual cues, informal examination of performance, are immediate sources of feedback.
