I like the idea that you can play easy, medium or difficult levels allowing more of a challenge. Alternatively, set yourself up on the beach, in the jungle, or in a Pretty Princess world before proving your verbal might. Powerful collection of various word games: Word Search: Find all the words hidden in the grid of letters.

Free Word Games

When I originally downloaded it, there was only word search and word find! This is frustrating and the only reason I withholding a star in my rating. Every level is solvable and difficulty increases with progress to keep game challenge.
