## Encyclopedia of Public International Law

One example is the relationship between IEL and international trade law, where there is significant overlap, largely because IEL frequently resorts to trade-related measures, while international trade law often takes up environmental issues in case law. Examples of particularly relevant elements of IEL include treaties dating back to the 1960s concerning nuclear activities as well as cases before the International Court of Justice regarding nuclear weapons. They cultivate the land and, through tribal law and custom, grant individuals and families exclusive right to use certain lands.
