Gothic: Age & Architecture

Given the complicated political situation, it combined the functions of a church, a seat of government and a fortress.

Gothic Architecture and Scholasticism

. The focus on image rather than structural substance may have been influenced by political events in France, after King Charles IV the Fair died in 1328 without leaving a male heir. This style of vault was adopted in the 14th century in particular by German architects, particularly , and in other parts of central Europe.

Gothic architecture

Paris, Cologne, Albert Magnus, and first Paris regency 1.

Gothic architecture and scholasticism. (1957 edition)

The sculpture of the central tympanum was devoted to the Last Judgement, that to the left to the Virgin Mary, and that to the right to the Saints honoured at that particular cathedral.

Gothic: Age & Architecture

Most churches had wooden rafter, which were replaced with stone vaults, but Abbott Surer decided to replace the stone vaults with pointed arches and complex ribbed vaults.

Gothic architecture

Clear glass was dipped into coloured glass, then portions of the coloured glass were ground away to give exactly the right shade. The result of this dispute is creation of the chives the perfect Scholastic answer to the east end of the Gothic cathedral, using semi-circular chapels instead of classic square chapels creating a more efficient vaulting system with the use of one keystone per chapel. Everything was taller and more fragile-looking.

and colonnettes often reached from the floor to the roof, pulling the eye up with dramatic force.

Gothic Architecture and a Scholastic: Jean de Jandun's de laudibus (1323) on JSTOR

An example is the ceiling of the grand hall of Vladimir in in designed by in 1493.

Gothic Architecture and Scholasticism

Only superficial effects of the style lingered in some eclectic works of the 19th and 20th cent. Les Styles de l'architecture et du mobilier in French. Lacey patterns of tracery continued to characterise continental Gothic building, with very elaborate and articulated vaulting, as at St Barbara's, Kutná Hora 1512.
