10 Steps for Teaching Your Kids How to Be Assertive

X Mayo Clinic Educational website from one of the world's leading hospitals Use the weight of your body to build muscle anywhere. Something that pushes a child to go outside of their comfort zone, but results in very little harm if they are unsuccessful.

Webinars — Be Strong Families

Push your entire body up with both hands until your elbows are barely bent, then lower yourself slowly down towards the ground.

Help Me Make a Strong Start! Strategies for Successful Kindergarten Transitions

Brave can be a thought, a feeling, or an action.

Parenting: Raise Independent Children

Studies suggest that kids can hone their skills through role-playing exercises and activities that ask them to come up with solutions to hypothetical social clashes Shure and Spivak 1980; Shure and Spivak 1982; Vestal and Jones 2004; Boyle D and Hassett-Walker 2008.

Webinars — Be Strong Families

What constitutes a strong-willed child or spirited child? This process should be carried out very carefully and the changes are inevitable towards the new life. Allowing feelings does not mean that we allow destructive actions.

Help Me Make a Strong Start! Strategies for Successful Kindergarten Transitions

They are usually bright and demonstrate promise in a number of areas, for example, they often score high on and achievement tests, yet they rarely accomplish anything. The next thing you need to do is to hug your child.

Building Resilience in Children

Teach your child how to express remorse and make amends.
