**American University, Washington, D.C.**

Consideration is never given to the real possibility that the innovative program is having minimal or no impact, and may be having a negative effect upon a significant segment of the client population. Music Cities Convention, University of Brighton, United Kingdom.

**Julian Samora Papers**

Perspectives on training and development. Effects of leader role, team-set goal difficulty, efficacy, and tactics on team effectiveness.

**Faculty Listings by Presentations**

New York, NY February 2007.

**U.S. Department of Defense**

Policy must reflect the conviction that it is immoral to require a woman with no husband to share her responsibilities, to carry two heavy jobs: substantial paid employment and full-time housekeeping and child rearing, a burden that is only slightly lightened by provision of care of children during working hours.
