Russian Gothic

There are close connections between the formal structure, iconography and style of the facades of all these churches, which form a homogeneous regional group with some differences of course, mainly reflected in the stylistic handling. The largest of these is the famous Krak of the Knights of the Order of the Temple with three enclosures and access ramps which exceeded in military value all the western medieval castles of the time. Romanesque Art and Architecture

The current Gothic cathedral is the third edifice on this site and was constructed in the XIV century. Early Gothic 1120-1200 The fusion of all the above mentioned structural elements into a coherent style of architecture occurred first in the Ile-de-France the region around Paris , whose prosperous inhabitants had sufficient resources to build the great cathedrals that now epitomize Gothic architecture.
