Thus, the one moral principle that a society must embrace if it is to be a civilized society is the principle of individual rights: the recognition of the fact that each individual is morally an end in himself and has a moral prerogative to act on his judgment for his own sake, free from coercion by others.

The Theory and Practice of Oligarchical Collectivism Book Club, Part 1

Taylor contends that there exists a fundamental dichotomy between the views of the Benthamites and the Fabians towards the state: that the Fabians saw the state as a positive tool to promote the greater good, while the Benthamites took it to be a negative institution reluctantly required on occasion to secure the greatest happiness. Acceptance and some encouragement of the role of the trade unions.
