Primary Sources on the Web: Finding, Evaluating, Using

Chicago: The University of Chicago Press, 2013. Often, secondary sources will interpret, analyze, explain or describe content from primary sources.

Finding Primary Sources for Teachers and Students

The material is ideally created by someone who is known and can be named, and it was produced for a known purpose. Primary sources can be letters, diaries, newspaper articles, reports, photographs, financial records, etc.

Primary Sources on the Web: Finding, Evaluating, Using

New York: Oxford University Press, 2013. Secondary sources, on the other hand, are one step removed from the original content. Who is the intended audience? Secondary Sources Whereas primary sources are generally the original material, a builds upon one or more primary sources.

What is a Primary Source?

Some reference materials and textbooks are considered tertiary sources when their chief purpose is to list, summarize or simply repackage ideas or other information. As such, secondary sources are unreliable as primary points of evidence.
