### Tokugawa Ieyasu

The average annual temperature in Kikugawa is 16. Instead, he grasped the opportunity afforded by his transfer to his new lands to his forces rationally and to make his domain as secure as possible.

### Yumi Sawamura

The latter was an Olympic qualifying race, and he was the highest-finishing Japanese.

### Kikugawa

As of the year 2020, he is a full-time professional runner and has left his job in local government. In 1570 this expansion led him to move his headquarters eastward to , a small coastal town that he developed into the commercial and strategic centre of a thriving domain.

### Yubatake (Kusatsu)

Kiryu tracks her down, and she is able to be reunited with Haruka and Kiryu at the top floor of the in the bar, where she admits to Kiryu that she alwas had feelings for him since she was young.
