12 shocking medical blunders

Native Americans stimulated respiration by blowing tobacco smoke into the rectum.

Your Health Care May Kill You: Medical Errors

In their study, the researchers examined four separate studies that analyzed medical death rate data from 2000 to 2008, including one by the U. Darrie Eason, from Long Island, N. She was advised to undergo a double mastectomy as her lobular cancer would relapse.

10 Medical Errors That Can Kill You in the Hospital

It was marketed as a safe drug, even for mothers and children, and could be purchased over-the-counter. Three months after giving birth, Guo was in the shower when she.

Bloopers

In other words, there is a lot of mentioning and very little account. This study describes the results of an investigation of the effectiveness of the implementation of the MEDMARX Medication Error Reporting system in 25 hospitals in Pennsylvania.

Major medical mistakes have catastrophic consequences

Story continues in next slide. Blank to dispose of him.

10 of the Most Shocking Medical Blunders of all Time

Legacy These cases show such issues extend far beyond maternity wards. We'll post them on this page.
