Pankhurst sisters: the bitter divisions behind their fight for women's votes

Liked by I agree with the other comments that this is an informative and eminently readable blog post. My least favourite aspect of the blog is your opening statements. Emmeline began to read books when she was very young, with one source claiming that she was reading as early as the age of three.

SYLVIA PANKHURST

The years of touring, lectures, imprisonment and hunger strikes had taken their toll; fatigue and illness became a regular part of Pankhurst's life.

She also drew on East End traditions by calling for rent strikes to support the demand for the vote. Over the next two years women set fire to a refreshments building in , an orchid house at , , and a. He was a compassionate and visionary man, and Sylvia adored him; but sadly, in 1898, when she was just 16, he died in her arms.
