About

It noted that NATO had managed to adapt and play an important role in the post-Cold War environment, and established guidelines for the Alliance's forces, translating the purposes and tasks of the preceding sections into practical instructions for NATO force and operational planners. The analysis is conducted by taking into consideration the growing fear among states that terrorists could possess nuclear weapons and the inability to assess the actual state-level proliferation.

Jürgen Habermas (Stanford Encyclopedia of Philosophy)

It includes the problematics of economy, history, culturology, science, conflictology etc.

Karl Marx's Theory of Class Struggle: The Working Class & Revolution

Because this distinction plays a fundamental role in TCA, it deserves some attention. Yet, cooperative open access publishing has been democratising knowledge to a good extent, even if often through informal means.

Poland's conception of European security and Russia

Does the Security Council have any authority over UNHCR in matters relating to its primary responsibility, the maintenance of international peace and security, thereby influencing international refugee protection in a way similar to the General Assembly? Anarcho-historical-relativism is a theory of history, which does not ascribe to deterministic material processes to the unfolding of history; instead, according to the principles of anarcho-historical-relativism, history is a subterranean anarchy webbed via measured tendencies along certain flexible trajectories, which lightly guide its unfolding. Current Anthropology 52 3 , 127-3.

HELSINKI CONFERENCE AND FINAL ACT ON SECURITY AND COOPERATION IN EUROPE

It was caused by growing importance of problems of foreign policy and security, home affairs and justice in the activity of the EU institutions after

the Maastricht and Amsterdam treaties. A proper tribute was paid to the development of the concept of the common European home, though it existed only in a rather vague form. Subsequently, for dialectical-historical-materialism, it is the unity of the productive material forces and the social relations of production organized around these productive material forces that shape, initiate and guide social developments and ideational developments.

Political Science Optional Topic Wise Questions

One explains the process of natural evolution and the other explains the process of social evolution. The relation between cooperatives and the expansion of capitalist production is thus tenuous and open to modifications.
