Musharraf Ali Farooqi

Will definitely recommend to friends! The remaining one volume, named Gulistan-i-Bakhter, was published in 1917. The Devanagari script was so little known that people had to go to those who could read it to listen to these tales. It was through Chandrakanta that the words such as tilism enchanted world and ayyar trickster were first introduced in Hindi and people began to learn the Devanagari script to be able to read Chandrakanta.
