I like the approach of providing summaries first and then diving deeper.

Encyclopedia of Information Systems & Services, 1988: International Volume by Amy Lucas

Different sources of the resistance to incorporate telemedicine are briefly discussed. In a similar way, Ready, Novicevic and Evans chapter 30 invite the reader to think about HRIS and the need to consider how HRIS affect employment practices. IGI Global book and journal editors and authors are provided written guidelines and checklists that must be followed to maintain the high value that IGI Global places on the work it publishes.
