ela filippone

It is recognized that equivalence in both meaning and style cannot always be retained -- in the acrostic poems of the Old Testament, to cite an extreme example. These proposals may therefore be deemed as promising advances in the understanding of the mechanisms of syntactic change and of the principles of syntactic reconstruction. These figures, whatever they are supposed to represent, contribute to an allegorical interpretation of the painting.

Indo

The conception of punishment in early Indian literature. The dawn goddess appears prominently in early Greek poetry and mythology. Lehman 1974 adds an example of Hitt.

Linguistic glossary

In the twentieth century Marija Gimbutas created a modern variation on the traditional invasion theory, the Kurgan hypothesis, after the Kurgans burial mounds of the Eurasian steppes, in which the Indo-Europeans were a nomadic tribe in Eastern Ukraine and southern Russia and expanded on horseback in several waves during the 3 rd millennium BC.

Nida, Eugene A. 1966. of Translation. .

. The same thing happens somewhat later, in unit 10, one of the relatively rare cases of a noun and its adjective being separated by the end of the verse.
