The people of Europe once lay on the breast of Asia, and like children played around her, their mother ; for this we now no longer need to rely on confused and almost forgotten memories, we have actual and historical proof before us in the languages of Europe and Asia.

The Acharnians of Aristophanes, with introduction, English prose translation, critical notes and commentary, by W. J. M. Starkie.

I' faith, and thou followedst him like a-church. "Εγω δ' ἐπὶ μαλθάκαν τύλαν σπολέω μέλεα. The Iliad and Odyssey, in his opinion, arose gradually out of isolated poems.

Sappho, fragment 36 Lobel-Page i. Here, where the mountains have their out-posts, a division took place along the Black Sea, and the lower Danube, where pasture-land continues, went the bands which later became the Pelasgo-Hellenes and Italians, Thracians, and Illyrians in modern Poland, by the Baltic, through the tremendous plain, which stretches as far as Holland, spread the subsequent Celts, who also crossed the Channel to the British Islands, the subsequent Teutons who reached Scandinavia by the Belt and the Sound, and finally, the Lithuanians and Slavs, the last stragglers, who remained in closest p'roximity to the point of separation. For puffing out one's cheeks, D.

The other question, whether language shall be added to literature in the new school, will no doubt be much more hotly discussed. As I was a pupil of Lachmann, and had a taste for German philology, we had many common interests, and our agreement in politics helped to ensure an

understanding between us. He claimed that, as a result of the cold, he demanded to be covered with wool, because he wished to get warm, and a fever attacked him with heat and burning fire, and caused him to drink water.
