Develop a program of continuous, rigorous professional development experiences related to scientifically based curriculum and teaching practices, progress monitoring, implementing practices with fidelity, and data-based decision-making. I am always amazed when we cover something listed, and it helps to stop me from worrying about whether or not we are learning! Many teachers find formative assessments most useful when planning learning experiences, activities, and environments.

Quick and Easy Notes: Practical Strategies for Busy Teachers

Created by an anonymous user Imported from. Create and continue the development of resources on evidence-based instructional strategies to support identified students.

Response to Intervention Guidance

The teacher assistant communicates with the teacher, and the teacher communicates with parents.
