Impact of Information Technology in Indian Banking Industry

. One such force is revolution of information technology.

Vol. 30, No. 2, Jun., 1992 of Journal of Economic Literature on JSTOR

This no doubt helped in speeding up the clearing process, but physical delivery of cheques continued even under this partial automation. A few new twists that point to new priorities and opportunities. Tele Banking — It is another innovation, which provided the facility of 24 hour banking to the customer.

Next on the list — vendors, we all know the costs associated with being a vendor to retailers. With the ease of licensing norms, new private and foreign banks emerged-equipped with latest technology. Thanks for weighing in, Jeff! Retailers should accept that e-commerce is going to be the first channel for shopping in the future.
