

Geographic survey of monoterpenes in loblolly and shortleaf pines

Southern Forest Experiment Station, Forest Service, U.S. Dept. of Agriculture - Resistance Mechanisms of Loblolly and Shortleaf Pines to Southern Pine Beetle Attack

Description: -

-

Southern pine beetle -- Control

Monoterpenes

Shortleaf pine -- Composition

Loblolly pine -- Composition
Geographic survey of monoterpenes in loblolly and shortleaf pines

-

Epistenische Studien (Frankfurt am Main, Germany) -- Bd. 7.

Epistenische Studien -- Bd. 7

Forest Service research paper SO -- 79.

Research paper SO -- 79.
Geographic survey of monoterpenes in loblolly and shortleaf pines

Notes: Includes bibliographical references (p. 12).

Loblolly pine SSR markers for shortleaf pine genetics

The diterpene acids in the bleb resins of three Pacific Kauri, *Agathis vitiensis*, A.

Age and site index evaluations for loblolly pine in urban environments

The 10° C 50° F average annual temperature isotherm closely parallels the northern limit of shortleaf pine. Shortleaf pines show growth response to late-season rainfall, however, if it is sufficient to replenish soil water.

Analyses of Monoterpenes of Conifers by Gas

Soils in this suborder are usually moist and relatively low in organic matter in subsurface horizons. Andrews cross *Ascyrum hypericoides* var.

Plants Profile for *Pinus taeda* (loblolly pine)

Geographical variation in the relative proportion of monoterpenes in cortical oleoresin of *Pinus sylvestris* in Sweden.

Plants Profile for *Pinus taeda* (loblolly pine)

As such, average stump SG in our young stands was smaller than stump SG reported by other studies for older or larger diameter loblolly pine trees than ours.
