Swearingen Publisher: Mosby; 4 edition ISBN-10, 13: 0323262864,9780323262866 Year: 2015 Pages: 816 pages Language: English File size: 31 MB File format: PDF,EPUB All-in-One Nursing Care Planning Resource: Medical-Surgical, Pediatric, Maternity, and Psychiatric-Mental Health 4th Edition Pdf Book Description: All-in-One Nursing Care Planning Resource is a one time publication featuring nursing care programs for all four center clinical locations. I hope to be able to use again for mental health careplans. This edition includes a new care plan addressing normal labor and birth, a new full-color design, new QSEN safety icons, new quick-reference color tabs, and updates reflecting the latest NANDA-I nursing diagnoses and collaborative problems.

**Pamela L. Swearingen RN's All**

Color-coded sections for medical-surgical, maternity, pediatric, and psychiatric-mental health nursing care plans make it easier to find information quickly. UPDATED content is written by practicing clinicians and covers the latest clinical developments, new pharmacologic treatments, patient safety considerations, and evidence-based practice guidelines. I bought this book to help write care plans for pediatrics.

**ALL IN ONE NURSING CARE PLANNING RESOURCE MEDICAL SURGICAL PEDIATRIC MATERNITY AND PSYCHIATRIC MENTAL HEALTH 4E ALL IN ONE CARE PLANNING RESOURCE**

Care plan for normal labor and birth addresses nursing care for the client experiencing normal labor and delivery.

**All**

It did save me time from searching peer reviewed rational specific to pediatrics.

**All**

The term cancer refers to many disease factors, all which have in common the proliferation of abnormal cells. Book Name: All-in-One Nursing Care Planning Resource: Medical-Surgical, Pediatric, Maternity, and Psychiatric-Mental Health 4th Edition Author: Pamela L. I returned the book my school said to get and got this one instead! Because of this they can create new functions not characteristic of the site of origin, spread and interrupts uncontrollably metastasize , and lead to malfunction and death of additional cells.
