For Professionals

Youth in the Ghetto, op. There is probably no single fact of Negro American life so little understood by whites.

Current Challenges in the African

In the 1960s and the 1970s, the total fertility rates TFRs of many OECD countries dropped below replacement level. Working women might reduce the number of children they would like to have, while those wanting more children might restrict their labour market engagement and shift to homemaking.

Planned Parenthood

White children without fathers at least perceive all about them the pattern of men working. This is an article for Mother Jones, not Reason. He wondered whether this was not contradictory.

International Planned Parenthood Federation

All of this inner city ghetto culture deserves criticism, they should rightfully be called idiots and shunned so people aspire to leave just as we do for other races which celebrate being stupid and uneducated as some badge of honor. This highly reliable method brought a new sense of sexual freedom to men and women. The problem with bringing up racism as a cause of the dissolution of black families is that black families were FAR stronger and more cohesive in 1960 than they are today.
