## River navigation in England, 1600

So navigators learned to use the astrolabe, quadrant, and cross-staff with the sun.

## River Witham

In 1819, there was talk of expansion, but nothing came of the plans. Tributaries of the Esk which are wholly in Scotland are omitted from this list but may be found at.

## YORKSHIRE RIVER NAVIGATION, 1600

Edmunds has not been used since. Existing wick or replacement will be shipped with light.

## RIVER ARUN NAVIGATION

There were several plans to create a link to the , including one in 1793 by , and a proposal by Richard Gresley in 1810 for a North East Junction Canal, which would have linked to the Don at Rotherham, broadly following the modern ideas for the.
