## Reserve at Gwynedd

The property remained in agriculture until Jack and Claire Betz, who had purchased the various parcels during the 1970s and early 1980s, donated 110 acres to Natural Lands in 1986 so that the land would be forever maintained as a wildlife preserve.

## Gwynedd Preserve

Let us know how we can make our community even better! Feel free to explore the features available to the public on this site.

## Reserve at Gwynedd

If you want to know more about the area surrounding our community, visit the feature. If you are a resident of our community, to log into the private side of the web site. These individual elements, including the full Plan can be seen below: : The complete Plan, including details of our Improvement Priorities, our day to day work and our Well-being Statement.

## Reserve at Gwynedd

Feedback Reserve at Gwynedd is here to serve it's members and their families. The entire 26-mile length of the riparian corridor of the Wissahickon Creek greenway is protected by private landowners and conservation organizations, as well as township and state entities. The meadow and forest habitats here are particularly important because they are connected to other preserved lands in the Wissahickon Creek watershed.

## **Gwynedd Council Plan 2018**

**Our Community** This active community stays busy inside and out of the neighborhood! A donation and sale of land by Lee and Phoebe Driscoll allowed us to add an additional 45 acres in 2008. If you need more information or directions, visit the tab! In the following years, the Betz family generously helped add another 124 acres to the preserve.
