Red Sunset

Rummel, Death by Government New Brunswick, N. The dictator ruled by terror with a series of brutal policies, which left millions of his own citizens dead. That is why attempts to describe what was the origin of such attitudes to the outside world is not only of interest for the people outside the former Soviet, but of more importance for post-Soviet nations themselves to understand why it happened and to make sure it does not happen again.

By the early 1990s, approximately one-third of Afghanistan's population had fled the country. For the US, Eastern Europe was important for the opposite meaning: it was proof of the wrong way of the Soviet policy as well as of socialist type of society and state. German engineers struggled to convert the Russian railway gauge to one which their own locomotives and rolling stock could use.
