Complete Czech Beginner to Intermediate Course: Learn to read, write, speak and understand a new language with Teach Yourself by David Short

By the end of this course, you will be at Level B2 of the Common European Framework for Languages: Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Lots of talk on grammar and correct pronunciation.

Colloquial Czech: The Complete Course for Beginners by James Naughton

DIALOGUES Read and listen to everyday dialogues to help you speak and understand fast. What I like is: Hearing native Czechs with accent and rhythm of the language.

Not that the 2011 edition is bad, but I was interested to see any updates.
