## STYLE

How do you take showers in space? In Europe, printing from wood blocks on textiles was known from the early 14th century, but it had little development until began to be manufactured in France and Germany at the end of the 14th century. Remember that curly hair has a mind of its own, so be patient and work in small sections.

## Urban Dictionary: Cut

Have questions about cutting your hair, achieving zen, or just switching off? In contemporary slang, if someone has the sauce, it means they are amazing in some way, from being stylish to being confident to being talented.

## Cut video

You will need to be able to gently slide the hair tie up and down your hair at the back, so do not tie it too tightly. Join the discussion in the comments below. They can use a comb to help guide the shears and determine where to cut.

## woodcut

Getting plenty of also can help put problems in perspective and help balance emotions.

## What is Cut?

Cutting may be an attempt to relieve that extreme tension.

Be extra careful when trimming around the ears. You can check out The Hair Throne and more of Bianca's hairstyling on Instagram [hairthrone](#) and on her personal Instagram [biancajcox](#). This will create layers throughout your hair, giving your bob a more voluminous look.

### **Cut video**

Release the back ponytail once you are done trimming it. The hair ties will keep sections of hair out of the way as you cut.
