## A shop in a church by Merkx + Girod Architecten

Floors 3-20 contain the employees and partner offices as well as corridors, general areas, pantrys and communal meeting spaces. The 21st floor houses staff meeting rooms, video conference rooms and the executive boardroom.

## Merkx + Girod: Interior Architects

Related Seen on: A shop in a church by Merkx + Girod Architecten Dutch architects have won the for their Boekhandel Selexyz Dominicanen in Maastricht - a bookstore inside a former Dominican church. A unique experience is offered to the public, a true feast for the mind and eye! The architecture of the 26.

## Vivaldi Tower interior by Merkx + Girod

For more information and Photos see. The jury was very impressed by these spatial solutions, as well as by the gorgeous lighting plan.

## 9783764367442: Merkx + Girod: Frame Monographs of Contemporary Interior Architects

Interventions with, for example, a monumental building can only be successful if the architect acknowledges, recognizes and respects its original qualities. The initial idea of the client to install a second floor within the church was rejected by the designers, because this would completely destroy the spatial qualities of the church.

## Vivaldi Tower interior by Merkx + Girod

Projects include restaurants, shops, department stores, private residences, museums, offices and public buildings.

Floors 3-20 contain the employees and partner offices as well as corridors, general areas, pantrys and communal meeting spaces.

## **Hermitage Amsterdam interior by Merkx + Girod**

With only 750 square meters of available space, Merkx+Girod were asked to create 1,200 square meters of commercial area. Keeping the shop arrangement on the other side low created a clear and decipherable shop. Merkx+Girod were commissioned by the Dutch booksellers to convert the interior of the former Dominican Church in Maastricht into a modern bookstore.
