The Nature of Reality

Two differently located persons do not see it having its bases at the same places. To enter one safely, you would need to find a supermassive black hole that is completely isolated and not feeding on surrounding material, gas and or even stars. That is to say, is not the effort to enter nirvana caught between two radically opposed extremes, the minimalist and the maximalist? There is the reality of paper, infinitely different from the reality of literature.

How to deal with challenging times, according to Buddhism

The same thing is true with the object of our inquiry — the so-called objective reality of the world.

Alan Wallace and Sean Carroll on The Nature of Reality — Institute for Cross Disciplinary Engagement At Dartmouth

It is by way of this consensus that we experience reality.

Nature Of Reality Quotes (8 quotes)

I am half way through Quantum Buddhism and find it the best book on the subject I have come across.

Slavoj Žižek on Buddhism and the Self

In that sense, your energy continues.

The Buddha on Metaphysics and the Nature of Reality

In its broadest sense, it refers to a philosophical inquiry into existence itself.
