**Geological Storage of Carbon Dioxide
(Geological Society of London Special
Publication No. 233)**

Int J Greenhouse Gas Control 1 2 :215—222 Xu T, Apps JA, Pruess K 2003 Reactive geochemical transport simulation to study mineral trapping for CO₂ disposal in deep arenaceous formations. The alternative to CCD is continued CO₂ emission and either paying the applicable carbon tax or buying emission permits, both of which also lead to an increase in power cost.

Desert Protective Council (DPC) Records

Both jasper and wooden floors were evident in the other rooms. The water quality from the upper Hawthorn aquifer is good, except in areas where upward leakage from the deep artesian aquifer has occurred. Geographical J 121:171—187 Said R 1993 The river Nile: Geology, hydrology and utilization.

Species New to Science: [Paleontology • 2020] *Navajoceratops sullivani* & *Terminocavus sealeyi* • Transitional Evolutionary Forms in Chasmosaurine Ceratopsid Dinosaurs: Evidence from the Campanian of New Mexico

Plaintiff's Response to Defendant's Motion for Reconsideration Pursuant to Order of July, 24 1981, 11 August 1981. This has raised concerns about the efficiency of permit issuance control.

New Mexico Geological Society Annual Spring Meeting: Abstract

An imbalance in the supply-demand dynamics for the oil and gas produced by hydraulic fracturing in the west Texas is an increasing challenge

for the local industry, as well as a growing impact to the environment.
