PLSC 260: Racial Prejudice and Political Intolerance

It is in the creation and defending of cultures—from countries to local and virtual communities—that intolerance often becomes apparent. But only by connecting emotionally will we win people over.

Humans are wired for prejudice but that doesn't have to be the end of the story

It not only explores the darkest of human sins—incest—but the plot revolves around the murder of a planner within the context of the water wars that transformed Los Angeles from a sleepy Western backwater to a global multi-ethnic metropolis.

Work together for a community with a shared future for mankind

The study of culture has deep roots in anthropological and linguistic research, especially as seen in the work of Franz Boaz and his students Margaret Mead, Ruth Benedict, and Edward Sapir, as well as in the early work of Edward Tyler, itself based on earlier traditions of ethology Darwin and social evolution Marx. However, to justify this preferential treatment, people will often exaggerate the differences between their in-group and the outgroup. This paper, then, is significant in that it looks at some of these urban focused films and identifies the universal themes they consider.

Race and Ethnicity: A Global Perspective (SOCY423)

Those high in RWA may equally dislike the outgroup member moving into the neighborhood but for different reasons.

Pride and Prejudice: The next chapter of progress

Violence Against Lesbians and Gay Men.
