America and the Far Eastern question; an examination of modern phases of the Far Eastern question, including the new activities and policy of Japan, the situation of China, and the relation of the United States of America to the problems involved : Millard, Thomas F. (Thomas Franklin), 1868

In February 2007, the U. Though it was never fully developed or deployed, the research and technologies of SDI paved the way for some systems of today. The study suggested that efforts to promote democracy failed because democracy needs to develop out of internal conditions, and can not be forcibly imposed.

United States Policy in the Far East. (Book, 1976) [vivchar.tom.ru]

Congress took the lead in the 1970s.

Foreign policy of the United States

As soon as decisions to that effect are reached at the conference, we should establish naval and air patrols designed to prevent access to the islands from the mainland. Studies have found that The New York Times coverage of worldwide human rights violations predominantly focuses on the human rights violations in nations where there is clear U.

The situation in Formosa and the Pescadores is degenerating along lines which probably, though perhaps not for two or three years or perhaps in a matter of months, will culminate in Chinese Communist domination of the islands. In , the ruled that the power to make treaties under the U. If there is general concurrence among the Philippine, Australian and Indian Governments that all or any one of them would raise the Formosan question as an issue requiring the attention of the powers which defeated Japan, make our position clear along the lines set forth in the following paragraph.

Unsourced material may be challenged and removed. The Supreme Commander for the Allied Powers a should promptly establish an agency, acting under his Command to investigate reports of war crimes, to collect and analyze evidence, to arrange for the apprehension and prompt trial of suspects, to prepare, supervise and conduct the prosecution of individuals and organizations before international military courts or tribunals, and to recommend to the Supreme Commander which individuals and organizations should be prosecuted, before what courts they should be tried and what persons should be secured as witnesses, and b should provide, after discussion with the local representatives of the nations involved, and in a manner consistent with efficient administration, for equitable inclusion in the membership of such agency of suitable representatives of the States members of the Far Eastern Commission. Indirect Aggression—In anticipation of Communist efforts to seize control of Asian states by internal subversion, the US will extend political and economic support to regimes which are both indigenous and effective and, where necessary, aid in the purchase of arms to strengthen internal security forces.

Foreign policy of the United States

In him, his country has found a truly worthy leader whose integrity and devotion to his country's welfare have become generally recognized among his people. The day following the notification recommended in paragraph 8, this Government should: a. Economic Aid—Economic programs, dictated in part by the need of correcting the dislocations of war, should be coordinated with each other and with economic programs for other areas.
