The editors also provide a text of MS. Wordsworth is one of the giants of English poetry and criticism, his work ranging from the almost childishly simple to the philosophically profound.

**The Prelude 1799 1805 1850 by Wordsworth, William**

A second, augmented edition in 1800 was prefaced by one of the great manifestos in world literature, an essay that called for natural language in poetry, subject matter dealing with ordinary men and women, a return to emotions and imagination, and a conception of poetry as pleasure and prophecy..
