## A Thousand Coal Miners Are Still On Strike After 4 Months

But the fact remains - when these men were working in mines our nation was, for better or worse, dependent upon coal at not just a household but an industrial level.

### Coal Mine Workers' Health Scheme

Its creation owed much to the campaigning work of the trades union, the and, in particular, to the inspiration of Henry Hicken, one of the Derbyshire Miners' leaders. They lost premium pay for Sundays and long shifts. The Government took over the role as Guarantor for the Scheme from British Coal.

### Review into pension scheme hailed a 'massive leap forward' for former miners

This of course was something my mum talks of with utter sadness that she never got to knew her own mum well enough. Mick Newton pictured during the Redt'Blue Documentary.

### NATIONAL MINERS DAY

. The current average pension for former miners in the scheme is £84 a week. Watson and Wyatt came back and said a fairer distribution would be 85% to the miners and 15% to the government because it was a very successful scheme and the level of risk is negligible plus formers miners were dying at a rate of 10,000 every year.

### A freedom of information request has uncovered a major government scandal

Most strikes, however, last a matter of days or weeks, not months.
