## Role of Parents in Career Selection: Importance and Key Factors

Journal of Interprofessional Care, 8 2 , 203—212.

## The Importance of Parent Involvement in Education

We used an analytical framework based on concepts drawn from Communities of Practice and Activity Theory. Indicate the levels incidence or prevalence of behaviors or outcomes that relate to your goal or area of concern. The fifth step involved identifying data that fit into the theoretical framework developed in the previous step.

## Multidisciplinary teams, and parents, negotiating common ground in shared

More than a third 35% of the participants 28 parents and 6 practitioners completed both pre- and post-questionnaires, which allowed us to conduct some statistical tests, and 25 30% of them also attended both partnership sessions.

## 1. Creating and Maintaining Coalitions and Partnerships

Taking another example, limited studies have looked at parental awareness of services for children with special needs. The CAFE model addresses the gap in the literature in terms of unpicking the key features of a partnership approach, as captured through the lived experience of both parents and practitioners.
