Sonaten für Pianoforte und Violine

Having conjured this luminous, strangely unreal vision, Haydn then spirits the music back to the home key E flat and the recapitulation via a wonderful gliding chromatic sequence.

Haydn: Piano Sonatas, Vol. 3

The slow movement is a florid, often chromatic G minor Largo full of broken, sobbing phrases, the finale an elegantly proportioned minuet enclosing a haunting syncopated trio in B flat minor. Indeed, an orchestral concept is frequently discernible behind many of the compositional solutions adopted by Haydn: the great symphonist could not repress his timbral imagination when writing for the keyboard.

Sonaten für Pianoforte und Violine

I was not a bad keyboard player or singer, and could also play a concerto on the violin.

Haydn Joseph Sonaten Sonatas Volume 3 Piano 1995 Sheet Music Score

Haydn embellishes the repeat of the G minor section, à la Emanuel Bach, and then introduces a truncated version of the G major trio itself a variant of the G minor theme as a coda. There is a Baroque flavour to the trio of the minuet, with its chromatically falling bass a traditional symbol of lamentation , and to the G minor Adagio, in which the right hand spins an expressive arioso over a steadily reiterated quaver pulse. Bars 73-105: Material of Bridge Passage enters in F Major Bar 73 , moves to Dominant key, G Major Bar 83 , A minor Bar 84 , to F Major Bar 91 , then to E minor Bar 94 , A minor with Dominant pedal-point Bars 96-99 , Chords of Dominant minor 9th Bar 102 in D minor leads to Tonic key, C Major Bar 104.
