. If you find language fascinating, or if you work in a field where words and their meanings are of paramount importance I'm looking at you, fellow content strategists , you'll enjoy this book.

Scrabble Word Finder

Crystal's sense of humor makes the book almost a page-turner. Not quite as concise and fulfilling as 100 words but his enthusiasm just leaps from the page. An assessable overview of many aspects of a vital part of our language - words.

Bo Burnham

If this tells you that the book will be very boring you're wrong. It helps to play against increasingly challenging opponents too.

Or, you can just find words you can play later.

Words Words Words by David Crystal

If this tells you that the book will be very boring you're wrong. His response holds some humor by showing that he, Hamlet, is not mad but aware of what Polonius is asking and that he feels in control at that particular time. All in the Timing was revived at Primary Stages in 2013.

Bo Burnham

Without the use of direct diction, the entire play can have a multitude of possible impressions on the readers.
