## Avoiding tax may be legal, but can it ever be ethical?

The above argument treats meaningful work as a matter of preference: as a job amenity that employers can decline to offer or that workers can trade away. Given widespread concerns about federal budget deficits, it seems odd to call for tax changes that lower rates. Many business ethicists make this assumption on the grounds that employees have a *pro tanto* duty of loyalty to their firms see, e.

2018 Charitable Giving Statistics, Trends & Data: The Ultimate List of Charity Giving Stats

Discussions of corporate moral agency and moral responsibility have largely faded from the business ethics literature as of 2016.

The UTD Top 100 Business School Research Rankings™

This brief examines corporate income-tax rates, and the argument linking low corporate tax rates with higher economic growth. Between 1947 and 2012, the average value was 7.

## Authors

Varieties of business ethics Many people engaged in business activity, including accountants and lawyers, are professionals. Its relationship to the other primary participants, shareholders and management, is critical.

### **Corporate purpose: Shifting from why to how**

Legal scholars have also devoted considerable attention to tort law, the area of law that deals with cases of non-contractual, non-criminal harm. What employees think of their jobs and the company they work for can make or break an organization. Jaworski, 2016, Markets Without Limits: Moral Virtues and Commercial Interests, New York: Routledge.
