Research Assistant

Funded by the European Union Culture Fund and supported by the Europae Archaeologiae Consilium EAC , aims to produce a common standard for the creation and management of archaeological discoveries and associated documentation. Malden, MA ; Oxford: Blackwell. AHDS Guides to Good Practice.

NPS Archeology Program: Managing Archeological Collections

In fact, in many cases, a digital dataset may be the only product of a project, and without thoughtful preservation, all context for any archaeological resources will be lost.

Archaeological Archives Forum (AAF)

The influential call towards open archaeology fuels new modes of content production through approaches such as mash-ups and microblogging Lake, 2012, p.

Research Assistant

By far, the most common preservation treatment for digital data reported by repositories is to conserve the media on which the digital files are stored.

NPS Archeology Program: Managing Archeological Collections

Finally, ease of access and improved ability to share digital archaeological data provides new opportunities for scholarly and scientific research across national boundaries.

NPS Archeology Program: Managing Archeological Collections

Proceedings for DigCCurr 2009 pp. Abingdon, Oxon ; New York: Routledge. Technologies of memory: key issues and critical perspectives.

Research Assistant

Documentation The following documentation should accompany each accepted collection.
